

Carolina Ice Palace Summer Camps 2008 ATTENTION

Future Mad Scientists!

**Come to the CAROLINA ICE PALACE
and discover the world around you through
hands-on, interactive, creative SCIENCE FUN!!**

GRADES 1-5

June 23rd – June 27th

NASA: Journey into Outer Space

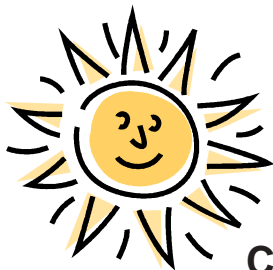

In Partnership with NASA – From our Earth's atmosphere to the outer reaches of our solar system, this hands-on program sends campers on a quest for exploration of outer space! Comets, planets, stars and more are all waiting to be discovered. Learn about the four forces of flight, the challenges of space travel, and participate in a rocket launch!

July 28th – August 1st Scene of the Crime

Enter the MSCS (Mad Science Crime Scene) Lab and become a science detective. Visit a crime scene and sift through the data to solve a "crime". Discover the role of DNA and learn the basics of the code of life. Learn about the systems of the body – circulatory, respiratory, skeletal and muscular. Study chemical reactions as you learn what holds atoms and molecules together. Each day you will explore the fundamental nuts and bolts of chemistry.

August 11th – August 15th Crazy Chemistry

Become a Mad Science Chemist! Discover how chemical reactions are everywhere. Figure out if a chemical change has occurred right before your eyes and explore the properties of polymers. Mix, mush and brew together different chemicals to create things. Campers will be introduced to how inventors work and why many inventions are created by accident.

Carolina Ice Palace Summer Skating Camp 2008

June 23-27 July 28-Aug 1 Aug 11-15

Camp Focus

Our qualified coaching staff will be using the US Figure Skating Basic Skills curriculum to teach the fundamentals of ice skating. Students will progress quickly from a Basic 1 beginner to a more confident, proficient skater. We will also be teaching students how to properly warm up, stretch and do off ice cardio and strength exercises in a fun way that will help promote a love for sports and fitness.

Camp Features

- *1-2 hours of ice time per day
- *Group instruction from qualified coaching staff
- *Off ice warm up instruction
- *Off ice fitness and agility games and exercises
- *Free lunch if combined with Mad Science Camp
- *Crafts and FUN!

**The Skating Camp is an afternoon camp that may be combined
with the Mad Science Camp for a full day of FUN.**
